Documentation of NW MAC Decisions

Decision 8
July 07, 2015

| National Preparedness Level | Northwest Preparedness Level |
|-----------------------------|------------------------------|
| 3 | 4 |

Strategic Intent:

1. Determine geographic distribution of ground and aviation resources currently within the GACC.
2. Analyze the additional need for resource support to current large incidents and to meet expected initial attack; especially from forecasted lightning this week.
3. Reallocate any under-utilized resources to shortage areas and pursue acquisition of additional resources through requests to NMAC/NICC.

PNW Incident Priorities (*set once per day*):

| <u>Priority</u> | <u>Fire</u> | <u>Unit</u> | <u>IC</u> | <u>Rationale</u> |
|-----------------|----------------|-------------|---------------|--|
| 1 | Initial Attack | | | Initial Attack always first priority |
| 2 | Corner Creek | OR-OCF | J. Buckman | Threats to sage grouse habitat, ranches, and private land |
| 3 | Newby Lake | WA-OWF | N. Rabe | Canada unable to support north flank; fire has encroached into Loomis State Forest |
| 4 | 231 | WA-NES | B. Gear | All control lines in; added Little Spokane Fire |
| 5 | 21 Mile Grade | WA-COA | B. Holloway | No significant growth; hand line complete |
| 6 | Horseshoe | WA-GPF | B. Gales | Heavy bug-kill component; assessing long term strategy |
| 7 | Paradise | WA-OLP | B. Hahnenberg | Confine/Contain strategy; long duration fire. |
